

Program Strategy 2017-2018

Strategic Areas

Health/Home Care:

Support for current project activities and new areas development

- Home Care/Palliative Care
- Centers for people with special needs
- Work with HIV/AIDS groups
- Mobile medical support and home accompaniment for people in need at the conflict affected areas

Standardizing the services, unifying the documentation, ensuring licenses for the training programs, and raising funds locally

Children & Youth

Approaches are harmonized on:

needs assessment,

planning,

project implementation,

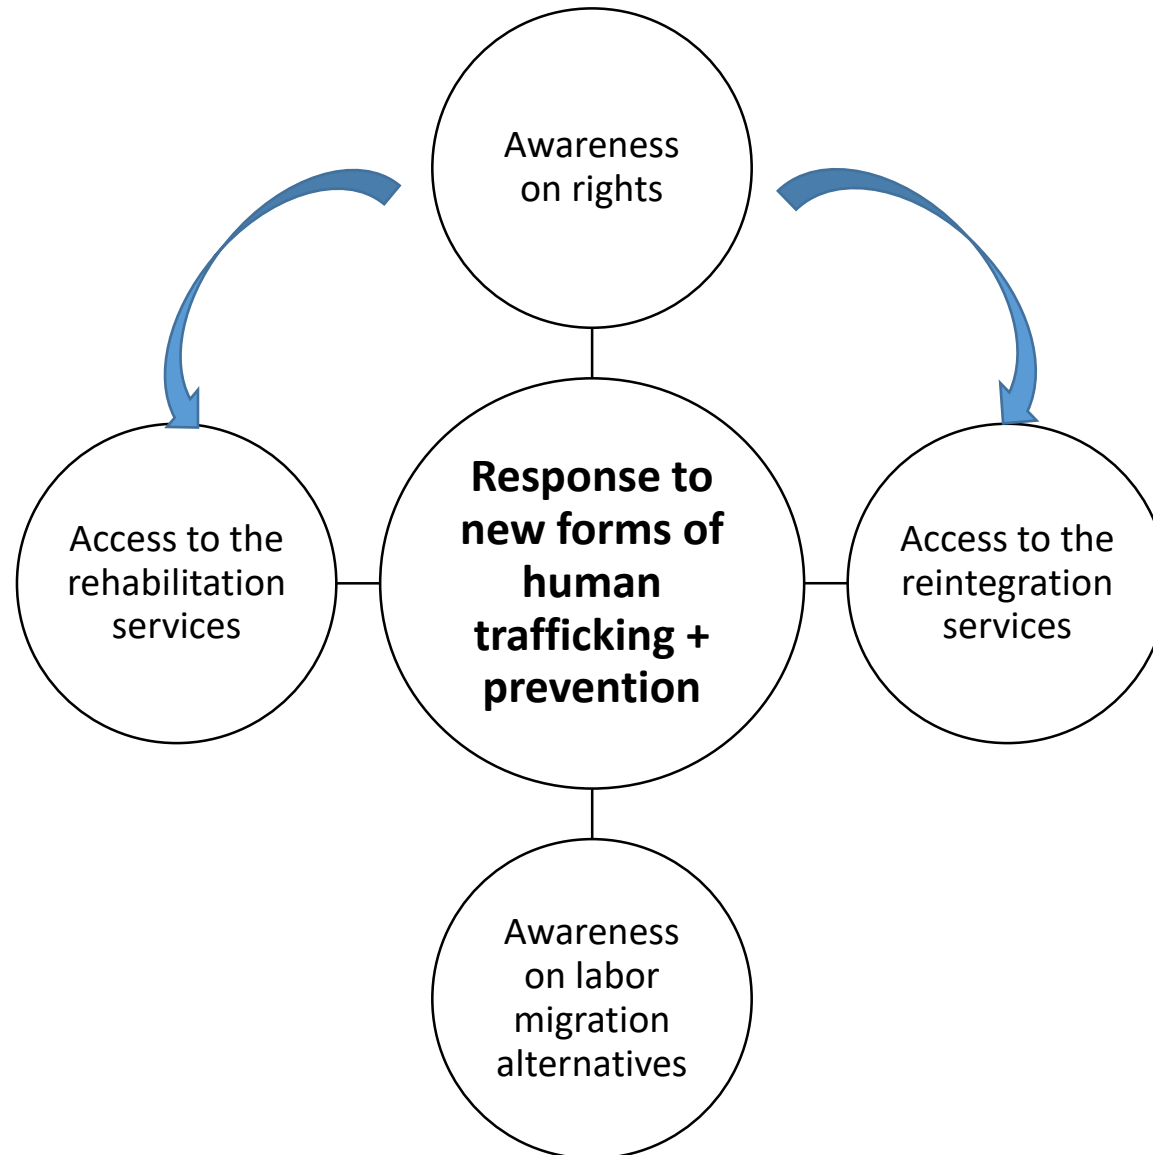

setting up the standards of work,

setting up the system of performance indicators

Children & Youth

- **Promoting reforms of the national social protection system:**
 - Caritas offers its best practices for the implementation at the state level
- **Building the beneficiaries' capacity to overcome difficult life circumstances**
- **Empowering local communities in order to improve living conditions of children and teenagers**
- **Geographic expansion and unification of methodology within Caritas**

Migration

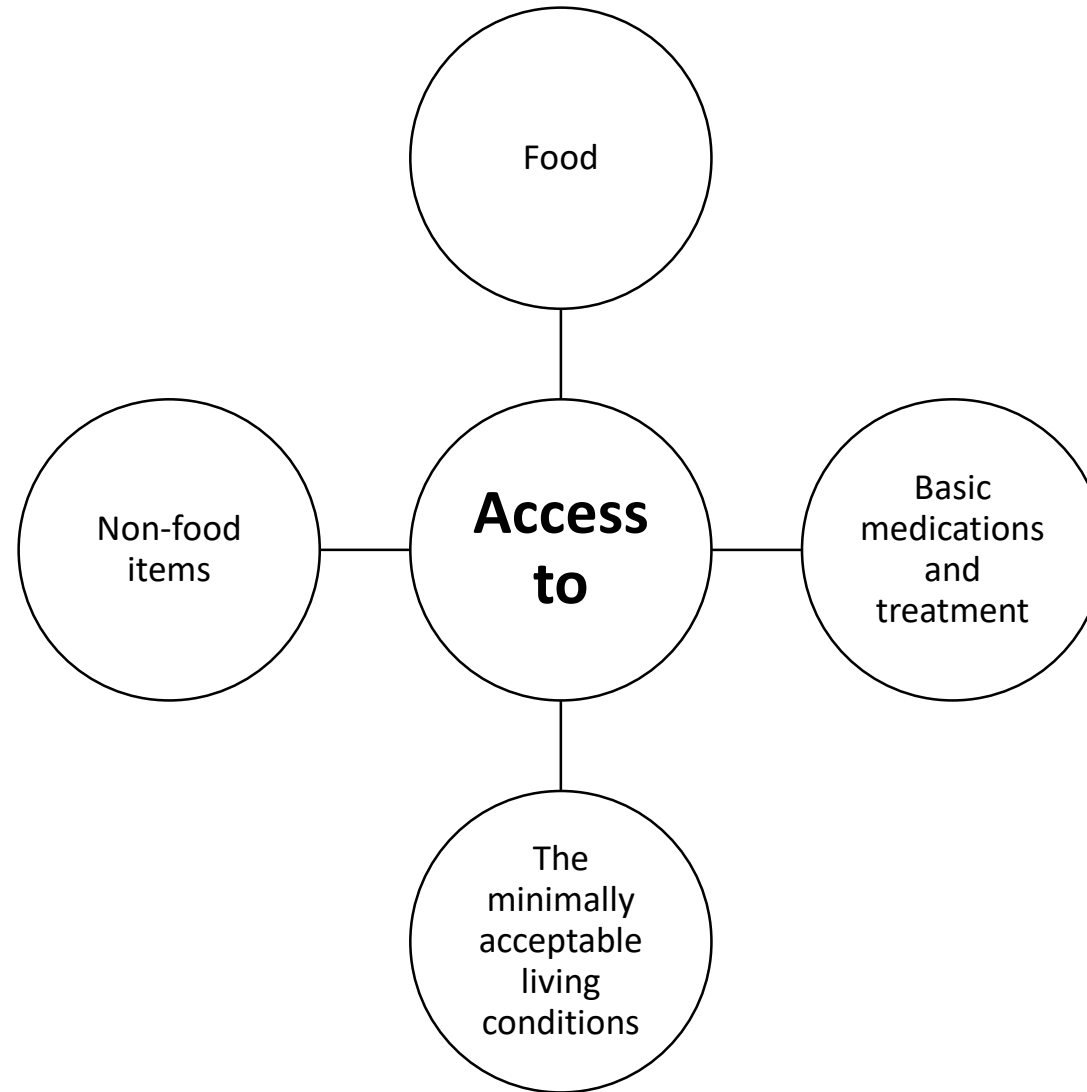

Humanitarian Aid & Emergencies

(aid for those affected by war and humanitarian crisis)

3 key objectives:

- prompt and adequate response to the crisis
- stabilizing the situation of the affected persons and ensuring their post-crisis recovery
- emergency preparedness

Emergency Response

- *If necessary: the restoration of social infrastructure*

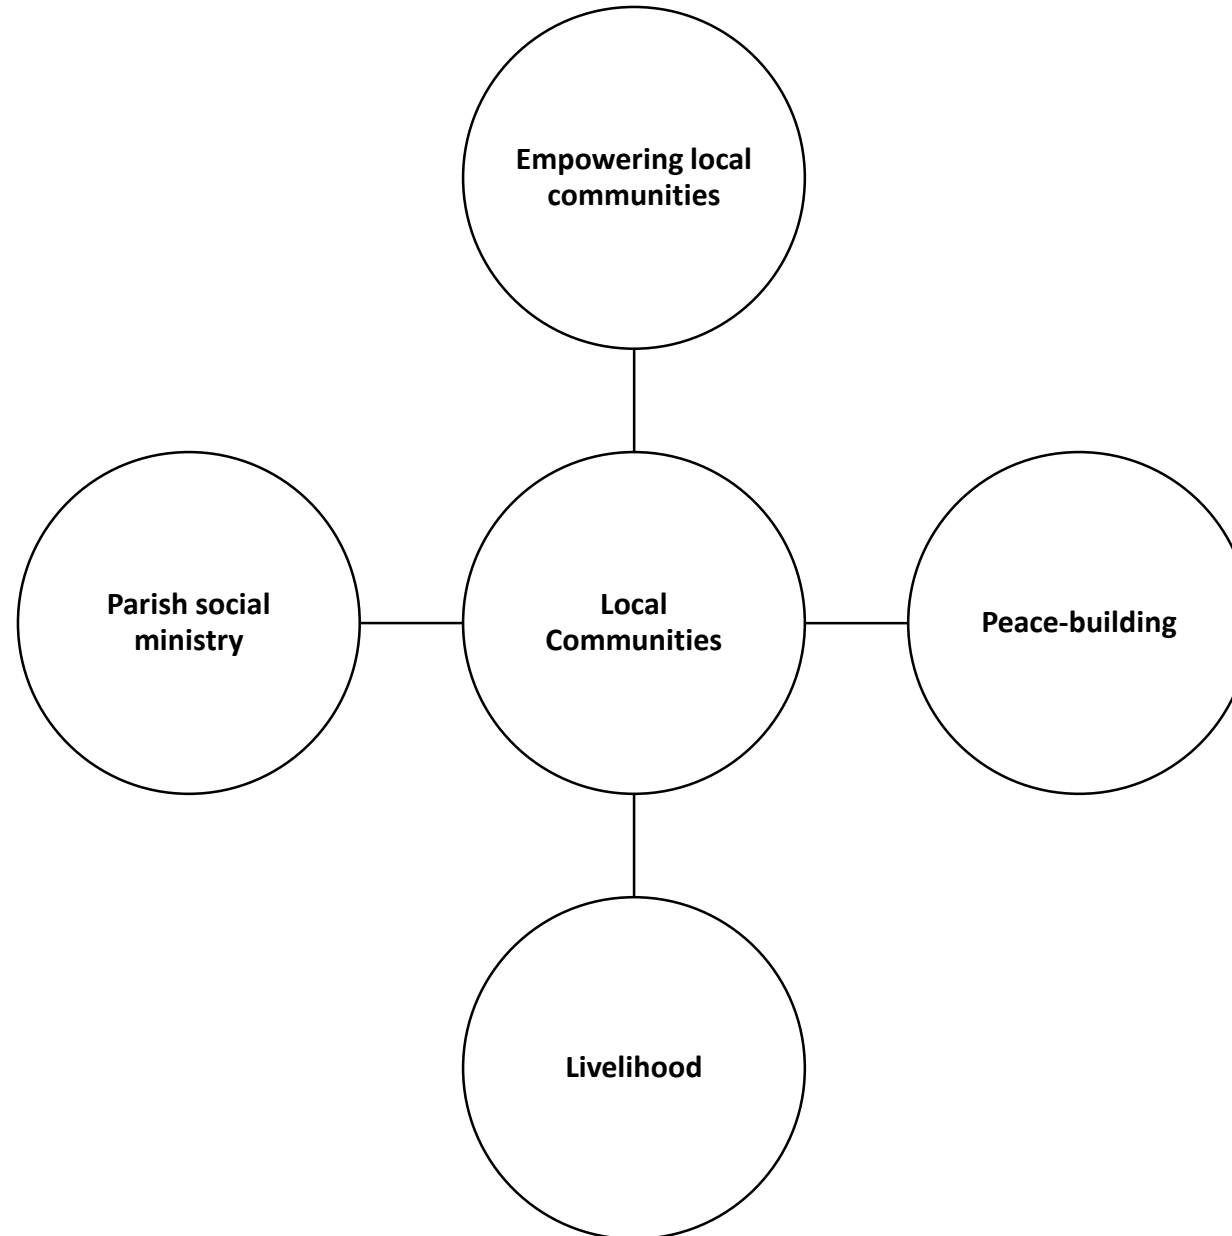

Emergency Preparedness

Systemizing and adapting the lessons learned

Development of guidelines

Backup plans / contingency plans + accumulation of resources

Development of Local Communities

Advocacy and Lobbying – crosscutting topics

Caritas Ukraine is recognized by the state as a strong social partners, and is involved into the social policy discussion

NGOs and Caritas Ukraine in particular strengthened their role

Public funding enabled – from either national or regional budgets – of social services provided by CSOs/Caritas Ukraine
